Field Labeling, Repairs & Replacements

Life Safety Code Boot Camp

Undergoing a Life Safety Code survey can be a high-pressure experience, particularly when the outcome impacts not only regulatory compliance but also the safety and well-being of facility occupants. In this session, Kenn will share expert guidance on how to effectively prepare for a Life Safety Code survey, with a focus on fostering productive and positive interactions with surveyors. Drawing from years of experience, Kenn will cover essential best practices to ensure that your facility meets the stringent inspection, testing, and maintenance (ITM) requirements outlined in the Life Safety and Healthcare Facility Codes.

Through practical examples and real-world survey scenarios, Kenn will explain how these codes are applied in operational settings, address recent updates to the standards, and highlight the increasing ITM requirements that facilities must now meet. The Life Safety Code serves as the cornerstone for protecting building occupants by establishing minimum standards for critical systems such as fire protection, emergency power generation, door operations, and overall facility services. Adherence to these standards is not just a regulatory obligation, but a fundamental aspect of maintaining a safe environment for all who live and work in healthcare and other regulated facilities.

Fees and Registration:

Register at www.khca.org and click on education. Please call or email KHCA/KCAL at 785-267-6003 khca@khca.org with questions regarding this class.

Early Bird Registration available until end of day February 12th, 2025:

KHCA/KCAL Member	\$199 per person
Non-Member	\$235 per person

After February 12th, 2025:

KHCA/KCAL Member	\$235 per person
Non-Member	\$271 per person

KHCA/KCAL members have the benefit to be invoiced for the cost of the course. Continuing education certificates will not be issued on unpaid invoices. Payment via Credit Card is available as well. Registration can be found at www.khca.org/education.

Cancellations Policy

When written notice is received at least 5 days prior to the course/event a refund will be given minus an administrative fee of 25% unless otherwise noted. Attendee substitutions are permitted.

Cancellations made within 48 hours of the in-person event will NOT receive a refund. An attendee substitution is recommended.

Dress: Please Bring a Sweater or Jacket.

Participants are encouraged to dress comfortably - casual attire is appropriate. We recommend that participants dress in layers, as room temperatures at facilities vary. Provided nametag should be worn for the entire course. KHCA/KCAL will make reasonable efforts to make our events accessible to persons with disabilities. *To request accommodations relating to a disability, please contact us at 785-267-6003 at least ten days prior to the event.*

Recording & Cell Phones

Material presented at this education program is the property of the speaker and Kansas Health Care Association/Kansas Center for Assisted Living. Therefore, recording the program is not allowed. KHCA/KCAL also asks that all cellular phones be turned to silent during education programs.

The course registration fee includes lunch on both days, continuing education certificates, printed handouts and additional resources provided electronically. Coffee and iced tea will be provided.

Wednesday, February 26, 2025:

Learning Objectives

- Discuss 2012 NFPA 101 Life Safety Code requirements for nursing homes and current priorities focused on my surveyors.
- Review and discuss the leading LSC deficiencies.
- Recommend policies, standards, and documentation for LSC survey success.
- Identify significant differences between the 2000 and 2012 Life Safety and Health Care Facility Codes.
- Review expectations regarding the ITM of required systems such as sprinklers, fire panel, fire extinguishers, smoke detectors, doors, etc.
- Discuss LSC requirements for nursing homes including current surveyor priorities.
- Examine LSC priorities including issues related to culture change and the environment.
- Recommend policies, standards and/or guidelines for immediate review and facility implementation.

Kenneth Daily, LNHA
President, Elder Care Systems Group
Life Safety and Emergency Management Specialist

Kenneth Daily, LNHA: Kenneth is the President of Elder Care Systems Group, a long-term health care consulting firm specializing in

quality operations consulting, life safety code compliance, and emergency preparedness planning and implementation.

In 2004, Mr. Daily learned first-hand the critical importance of the LSC and Emergency Preparedness when a facility he operated suffered a significant fire event. No resident or staff member was injured but the facility sustained millions in damages taking more than a year to complete the reconstruction. Empowered by this experience, Kenn set to learn and share with health care professionals the importance with compliance with the NFPA's Life Safety Code to ensure the safest building for those we serve.

Mr. Daily is a recognized expert in the life safety and emergency preparedness and has a wealth of experiences in long term health care. Kenneth is a member of the Ohio Health Care Association Board of Trustees and chairman of the OHCA's Life Safety and Disaster Management Committee. He is a member of AHCA's the Life Safety and Emergency Preparedness Committee and a member of the NFPA's Healthcare Section.

Executive Committee. Kenneth is a frequent speaker and has lectured nationwide on ways to improve the service and integrity of long-term health care. He is an author and contributing editor of numerous articles and professional guides.
